(Voice – 19¢/min; Text – Free!)

Boost Coverage – iDEN Series

(Unlimited Voice, Text, Web, and Walkie-Talkie Available)

*Based on independent third party drive test data from Aug 09 - Dec 09 for the 15 common Boost / MetroPCS markets within the top 50 most populous U.S. markets. Visit <http://www.boostmobile.com/about> for additional details.

Coverage map comparison based on public info as of 3/30/10. Maps are approximate geographic comparisons to each other and are not to scale; coverage can vary. *Requires text messaging feature.

iDEN Series devices are powered by the Nextel National Network. CDMA Series devices are powered by the Nationwide Sprint Network. Boost Mobile coverage maps are high-level representations of approximate service. Coverage is not available everywhere, is subject to change and cannot be guaranteed, or without interruptions or delays (e.g., dropped calls, etc.).

See in-store materials or visit Boostmobile.com for additional details.

Boost Coverage – CDMA Series
